

# Campus Ministries

THE  
**KING'S**  
UNIVERSITY

# Grow in faith together

Campus Ministries provides students with opportunities to grow in faith as followers of Jesus. Celebrate God through worship and prayer and connect with other students looking to expand their vision of God and His work in the world.

## **Worship Opportunities**

Come to 6:23, our regular evening worship event, where we invite pastors and worship teams from local churches to lead a service on campus. Join a small group to talk with other students about your faith, study scripture, pray together, and share about your life.

## **Church Connect**

Campus Ministries maintains a database of local churches, including information about their worship style, programs, denomination, and service times, so you can find a church to call home.
