SUPPORT GROUPS OF ALBERTA

This is a compilation of home school support groups all around the province. These groups are a good place to meet local home schooling families, find out about local field trips, and hear about events near you. These groups are not affiliated with any particular home school administration, including WISDOM. Many of these groups have dedicated Facebook pages, too, and we have listed as many as we knew about.

If you find any incorrect information on this list, or notice something missing, please contact us at office@wisdomhomeschooling.com so we can get it up to date.

Support Groups and Facebook Pages Updated February 2022
